Files Audited	Total Fixes	Standard	Conformance Target

This report documents all accessibility issues identified across the Sandusky County Juvenile Court website and the recommended fixes applied to each file. All changes conform to WCAG 2.1 Level AA and ADA Title II requirements. No visual design or layout changes were made. Issues are categorized as **Critical** (fails WCAG Success Criterion), **Major** (significant barrier for assistive technology users), or **Minor** (best practice improvement).

style.css1 fix				
#	Issue	Fix	Severity	WCAG
1	No .sr-only or .skip-link CSS classes defined. Materialize CSS does not include them, so skip links and visually-hidden elements are unstyled.	Added both classes to style.css: .sr-only { position:absolute; width:1px; height:1px; padding:0; margin:-1px; overflow:hidden; clip:rect(0,0,0,0); border:0; } .skip-link { position:absolute; top:-40px; left:0; background:#1a237e; color:#fff; padding:8px; z-index:9999; } .skip-link:focus { top:0; }	Critical	2.4.1

header.php2 fixes				
#	Issue	Fix	Severity	WCAG
1	Static <title> on all pages — every page reads "Sandusky County Juvenile Court - Judge Brad Smith", giving screen reader users no	Changed to dynamic title: <?php echo isset(\$page_title) ? \$page_title . ' Sandusky County Juvenile Court' : 'Sandusky County Juvenile Court'; ?> . Each page sets \$page_title before the include.	Critical	2.4.2

#	Issue	Fix	Severity	WCAG
	way to distinguish pages.			
2	No skip navigation link — keyboard and screen reader users must tab through the entire navigation on every page to reach main content.	Added as first element inside <code><body></code> : <code>Skip to main content</code>	Critical	2.4.1

footer.php				8 fixes
#	Issue	Fix	Severity	WCAG
1	Parallax background image has <code>alt="Judge's Gavel"</code> — decorative image announces unnecessary text to screen readers.	Changed to <code>alt=""</code>	Major	1.1.1
2	<code><h2></code> used for the court name in the footer — injects an artificial heading into every page's document outline.	Changed to <code><p>Sandusky County Juvenile and Probate Court</p></code>	Major	1.3.1
3	Address, phone, and fax information not wrapped in <code><address></code> — screen readers cannot identify it as contact information.	Wrapped the contact block in <code><address></code>	Minor	1.3.1
4	Two phone numbers are plain text — screen readers cannot activate them as phone links.	Changed to: <code></code> and <code></code>	Major	2.4.4
5	Fax number is plain text — no screen reader cue that it is a fax rather than a phone number.	Wrapped in <code></code>	Minor	1.3.1
6	Adobe Acrobat link image has no <code>alt</code> attribute — screen readers skip or read the filename.	Added <code>alt="Get Adobe Acrobat Reader"</code> ; added <code>aria-label="Get Adobe Acrobat Reader (opens in new tab)"</code> to the link.	Critical	1.1.1
7	Digital Kingdom Interprises link opens in new tab (<code>target="_blank"</code>) with no warning.	Added <code>aria-label="Digital Kingdom Interprises website (opens in new tab)"</code>	Major	2.4.4

#	Issue	Fix	Severity	WCAG
8	Footer navigation <code></code> has no label — screen readers cannot distinguish it from the main navigation.	Added <code>aria-label="Footer navigation"</code> to the <code></code>	Minor	1.3.1

menu.php				5 fixes
#	Issue	Fix	Severity	WCAG
1	<code><nav></code> has no accessible label — with multiple nav landmarks on the page, screen readers cannot distinguish the main navigation from the footer navigation.	Added <code>aria-label="Main navigation"</code> to <code><nav></code>	Major	1.3.1
2	Logo image <code>alt</code> text was all-caps "SANDUSKY COUNTY JUVENILE COURT" — screen readers may spell it out letter-by-letter.	Changed to <code>alt="Sandusky County Juvenile Court"</code>	Minor	1.1.1
3	Three dropdown trigger links (OTHER INFORMATION , COURT , FAQ) have no ARIA state — screen readers cannot announce that they control dropdown menus.	Added <code>aria-haspopup="true"</code> and <code>aria-expanded="false"</code> to each dropdown trigger.	Critical	4.1.2
4	Mobile menu toggle button has no accessible label and no expanded state — screen readers read it as an unlabeled button.	Added <code>aria-label="Open navigation menu"</code> and <code>aria-expanded="false"</code> to the toggle link.	Critical	4.1.2
5	Material Icons <code><i class="material-icons">menu</i></code> — icon text "menu" is announced by screen readers as content.	Added <code>aria-hidden="true"</code> to the icon element.	Major	1.1.1

index.php — Home				9 fixes
#	Issue	Fix	Severity	WCAG
1	No dynamic page title set.	Added <code><?php \$page_title = "Home"; ?></code> before <code>include.</code>	Critical	2.4.2
2	No <code><main></code> landmark — screen reader users cannot	Wrapped all content in <code><main id="main-content"></code>	Critical	1.3.1

#	Issue	Fix	Severity	WCAG
	navigate directly to the page content.			
3	No <code><h1></code> on the page — the first visible heading is mid-page.	Added <code><h1 class="sr-only">Sandusky County Juvenile Court Home</h1></code> as first element inside <code><main></code> .	Critical	1.3.1
4	<code><div></code> (judge photo section) nested inside <code><p></code> — invalid HTML; browsers parse it unpredictably.	Changed outer <code><p></code> to <code><div></code> .	Major	4.1.1
5	<code><h3>Judge Brad Smith</h3></code> appears before any <code><h2></code> — skips heading level.	Changed to <code><h2></code> .	Major	1.3.1
6	<code><h1>JUVENILE COURT NEWS</h1></code> — duplicate H1; page already has the sr-only H1.	Changed to <code><h2></code> .	Major	1.3.1
7	Acknowledgment thank-you text wrapped in <code><h3></code> — it is a paragraph, not a section heading.	Changed to <code><p></code> .	Minor	1.3.1
8	10 service card images have descriptive <code>alt</code> text identical to the card's <code><h3></code> heading inside the same <code><a></code> link — screen readers announce the text twice.	Changed all 10 card image <code>alt</code> attributes to <code>alt=""</code> .	Major	1.1.1
9	Two rows of service cards have no section heading — heading hierarchy jumps from H2 to H3 with no intermediate label for the cards section.	Added <code><h2 class="sr-only">Court Services</h2></code> before the card rows.	Minor	1.3.1

traffic.php — Traffic				8 fixes
