6 fixes

⚠ **Client Action Required:** Email link href uses the old domain `co.sandusky.oh.us`. Client must verify and update to the correct `sanduskycountyoh.gov` address.

⚠ **Layout Note:** The section heading `<h2>` was placed inside a Bootstrap `pull-right` float div, causing content misalignment. The heading was moved to outside/after the closing `</div>` of the float container to restore correct document flow.

#	Element	Issue	WCAG	Fix Applied
1	Phone (main)	Plain text phone number	2.4.4	Converted to <code></code> with <code>aria-label</code>
2	<code><h2></code> inside <code>pull-right</code> float	Heading placed inside floated div causes layout shift and breaks reading order for AT users	1.3.2	Moved <code><h2></code> outside the float div to restore correct document sequence
3	Contact info block	Not wrapped in <code><address></code>	1.3.1	Wrapped in <code><address style="font-style:normal;"></code>
